

Orfeo en la época clásica

Jair Cárdenas

– ¿Por qué soy pobre?, quiero ser afortunado –dijo Orfeo.
– Porque desconoces los medios para alcanzar cualesquier fin –replicó gravemente Lira.
– ¡Bien!, tú, amada Lira, dime: ¿qué he de necesitar para hacerme pirata y asaltar los navíos musicales que navegan por la Internet?
– Es fácil, sólo debes disponer de una brújula, para orientar tu acción e ir a un sitio seguro; y de un navío con una velocidad aceptable, creo que mínimo 256K para que no desesperes e interrumpas tu odisea. Eso es todo –decía agudamente Lira–. Empecemos con una ruta por la que discurren centenares de bajeles de la época clásica. Entonces empecemos:

1. Toma tu navegador y dirígete a:

<http://launch.groups.yahoo.com/group/OperaShare/>

2. Regístrate y únete al grupo de piratas.

3. Lee las leyes que rigen esas aguas para que puedas asaltar la nave que quieras.

4. Escoge tu embarcación favorita y atínale, en mi caso, me gustan los tesoros de: *Sviatoslav Richter*.

Wolf: Mörrike Lieder
Budapest - 6 October 1973 - Dietrich Fischer-Dieskau (br) - Sviatoslav Richter (p)

From Budapest radio broadcast, here at 128 Kbps.

An exceptional performance but one where (to my ear) Fischer-Dieskau is just a bit reticent, perhaps in awe of Richter.
